Lemon Grove Review

THE ONLY NEWSPAPER PRINTED "IN AND FOR LEMON GROVE"

VOLUME 1 | LEMON GROVE, CALIFORNIA, THURSDAY May 26, 1949 | NUMBER 48

Pertinent Paragraphs

The School Board election, like any other project in Lemon Grove, proves that we are not united in action. Too many residents of the Lemon Grove School District do not take any interest in the development of Lemon Grove.

Why? The majority of us are newcomers, and a newcomer hears too many fairy tales. He ends up by not believing anything he is told about local projects.

Let us not spread distrust of local institutions. Let us speak well of all local institutions. Let us get new members for all of them to make them more active and more effective.

Let us start with our post office. We want carrier delivery from the Lemon Grove post office to all parts of the residential and business section of the Lemon Grove School District.

We want our own High School District.

We want to make it clear to all that we are supporting Lemon Grove institutions exclusively.

If we want Unity for community progress (not personal gain) we will not support out-of-town newspapers who provide a so-called Lemon Grove section.

You are working against your own personal gain by creating doubts about Lemon Grove institutions.

When you make it clear that the Lemon Grove Review is Lemon Grove's Shopping Guide, the people of Lemon Grove will trade in Lemon Grove. Your hesitancy to commit yourself and your lack of support for the local paper makes them hesitate in aquiring the habit of shopping in Lemon Grove.

Second Dental Office Opened

Two dental offices opened here within a few weeks should be a record for fast growth.

Dr. Peter E. Shea started his Dental Practice here Monday, May 23rd in the former Post Office building on Main Street. The building has been remodelled and modernized.

Dr. Shea is a graduate of U. S. C. at Los Angeles. He was born in San Diego and his family is well known here. He is married and they have one son, Timothy, two years old.

Mr. and Mrs. Shea are planning to take up residence in Lemon Grove in the near future.

Food Sale At Greeting Shop

The Golden Circle Class of the Congregational Church will hold a Food Sale in the Greeting Shop owned by the Stanley Blake family, Friday, May 27 beginning at 2 p.m. There will be homemade cakes, pies, breads, salads, and other delicious foods for sale. All members of the church are asked to contribute, the proceeds to be used to help liquidate the indebtedness on Friendship Hall. If you cannot bring your contribution to the Greeting Shop call H6-3574, and it will be called for and delivered.

ELLIOTT SHOULD HAVE BEEN TWINS!

William Elliot, currently starring in Republic's "The Gallant Legion," now playing at the Grove Theatre, Sunday and Monday, May 29 and 30, believes he should have been twins!

During the filming of the picture, he expressed envy over Andy Devine's outside folding chair with his name emblazoned upon it. So his co-stars, Adrian Booth and Bruce Cabot, each gifted him with a chair bearing his name. Bill was in quandary, not knowing which chair to sit in, until he came up with a unique solution to the problem. He turned them into a chaise lounge by sitting in one and putting his feet in the other, thereby pleasing both Adrian and Bruce.

Television Night At Lions Meeting

It was Television Night at the Lemon Grove Lions Club Dinner meeting last Thursday. A representative Group of Chula Vista Lions were visitors for evening.

The Television Display and lecture was conducted by the Hoffman Sales representative, assisted by Bert Snyder, of the Lemon Grove Radio and Appliance Shop.

It was shown that since the opening of the San Diego Television Station, even temporary installations can bring in good pictures.

Arrangements were made for the installation of the new officers of the Lions Club.

Lemon Grove Lions voted for the holding of a Fair in Lemon Grove in August under the auspices ofthe Lions Club. Five local business men will underwrite the Fair so that the Lions Club will not be made responsible for any possible deficit.

Memorial Day Service

The Honorable James C. Toothaker, Judge of Municipal Court, San Diego, Calif., will deliver the Memorial address. Judge Toothaker is a combat veteran of World War II.

Music for the occasion will be furnished by the hundred and twenty piece Blue and Gold Band from the Grossmont Union High School, this band will be under the direction of Harold G. Lutz.

United States Marines from the Marine Corps Training Center will serve as the firing squad. Marine musicians will sound taps.

The Reverend Father Patrick Reilly, of St. John of the Cross Church, Lemon Grove, will give the invocation and benediction.

The La Mesa Post of the Veterans of Foreign Wars extend a cordial invitation to the public to attend this Memorial Service.

Construct 18 Inch Re-Enforced Concrete Vault

Construction of an 18-inch reenforced concrete vault at the Lemon Grove Branch of the First National Trust & Savings Bank started last week, and the new office will be open for business about July 1.

Anderson Borthwick, executive vice president, said a contract for the vault and interior fixtures was awarded after a lease was negotiated for the new building.

Jack Koop, assistant cashier, will be manager of the new branch which will offer complete banking facilities, including safety deposit boxes and an escrow department.

The First National will also open a "Drive-In" Branch at Midway and Rosecrans this summer to extend its banking facilities in the Point Loma and Mission Beach areas.

THIS AND THAT

by Dr. Frank Weege, D. C.

(continued from last week)

Foods in this fashion enclosed may be cooked by either of three methods: steaming, boiling or baking. In all cases the enclosing parchment paper acts to retain flavors that would otherwise pass off as vapor or be dissolved in water, and it is presumed that such juices as escape from the food into the enclosing bag will be served with it, or otherwise used. The amount of such juices will depend upon the nature of the food.

This method of cooking approaches the ideal of retaining all flavors and food values, whether the heating medium be steam, water, or the dry atmosphere of the oven. In the case of oven cookery or baking the use of wrapping paper reduces the tendency to drying or burning the exterior. When the parchment is used to enclose foods for boiling the vessel containing the water should have a grid or false bottom that will prevent the paper coming in direct contact with the bottom of the pot, which might cause it to stick and burn. The best grade of such parchment paper is so tough and non-absorbent that it may be rinsed off after use and reused several times.

In the case of meats the various cooking methods have less effect on food value than in that of vegetables. Broiling is generally considered the best method. This consists of cooking over or under direct heat. Since meats are rich in protein, which coagulates on exposure to dry heat or boiling water, a coating is formed which prevents loss of juices, so that the flavor is retained in the meat. Meats are also pan-broiled; that is, cooked in a hot griddle or ungreased pan.

Frying, which is the most objectionable way to cook vegetable foods, is less objectionable when applied to meat or eggs. This process consists of cooking in a bath of hot fat at a temperature of from 300 to 400 degrees Fahrenheit, the temperature being influenced by the food to be cooked. Meats generally contain fat and little is actually added by the frying process; moreover, the protein and fat are in intimate combination in the original meat, as indeed they are in nuts or in the yolk of egg, or even in milk.

Chamber of Commerce Announces June 1st
As Opening Day For Membership Drive

The Membership Committeee or should we say the Ambassadors of Our Chamber of Commerce decided on June 1st as 'Kick Off Day' for an all out drive for membership in the Lemon Grove Chamber of Commerce.

The board of directors, realizing that the Chamber is the recognized body for the building of our Community, is giving the membership drive full support. This Committee is not only asking you to make an investment by joining but also to give it your active support, if possible.

This is not simply selling a membership in the organization or accepting donations for charity or dues for Social Clubs. Money put into the local Chamber of Commerce is an investment — an investment in the future of your community. To quote Abraham Lincoln: 'I believe that a man should be proud of the city in which he lives and that he should so live that his city will be proud he lives in it.'

WHAT IS THE PURPOSE OF A CHAMBER OF COMMERCE?

The purpose of the Chamber is to protect and promote the general welfare of all the people of the community by building commerce, industry and healthy civic activity, which will mean a community of balanced prosperity.

WHAT DOES A CHAMBER OF COMMERCE DO?

Your Chamber does everything within its physical and financial means to build a better community. It builds a community through a carefully planned and executed program of work adopted to a specific community need. For example, your Chamber has just recently started the wheels rolling on our new Community Center, of which we are all justly proud.

It is not unusual to find the common objections raised to joining the Chamber of Commerce, a few of which we quote:

No. 1. I DON'T LIKE THE WAY THEY ARE RUNNING THINGS!

Then get in and help change them. If you are right you will find others who agree with you. A Chamber of Commerce is a democratic organization. The policies of the Lemon Grove C. of C. are in control of directors chosen by the membership. So it is up to you to see that these representatives are men who add strength to the building of your community.

No. 2. I BELONG TO TOO MANY CLUBS!

No man can decently shirk his fair share of work for his own home city by pleading heavy club expenses and time. YOUR C. OF C. IS NOT A CLUB: It is the organized citizenship of Lemon Grove formed for the general welfare of the whole community.

No. 3. I HAVEN'T THE TIME: TO ATTEND MEETINGS!

That shouldn't prevent you giving your financial support. If other men are willing to give both money and time you ought to be willing to give money alone.

No. 4. YOU HAVE ENOUGH WITHOUT ME!

No excuse could be more selfish. Because other men are willing to pull a load up hill is no reason you should catch on behind and ride. You share in the benefits of the work of the Chamber of Commerce: You can not avoid it if you live in Lemon Grove. Why not carry your share? The more members the Chamber has the stronger it will be and the more it can do for you and your community. There is NO ENOUGH in this work.

No. 5. I CAN'T AFFORD IT.

There are mighty few men in Lemon Grove who honestly can't afford to contribute a few cents a day to advance the business, industrial, professional, health and other interests of their city. It is a very small price to pay for so many benefits. The minimum C. of C. membership costs you less than (2) two cents a day.

Those willing to help in this drive or wishing to join at this time, are asked to call the Membership Chairman, Walter Williamson, H6-8840

THEOSOPHICAL STUDY GROUP

"Evolution in the Human Kingdom" is the subject chosen for study and discussion by the Theosophical Study Group of Lemon Grove at their next bi-weekly meeting which will be held on Monday at 8 p.m. in the home of Mr. and Mrs. William H. Lehmann, 2660 Citronella Street.

Mr. Earle C. Hostler, president of Theosophical Lodge No. 1 in San Diego, and his wife Mrs. Constance Hostler, will be special guests of the group.

Inquirers are welcome to attend.

CALIFORNIA COWS HIT NEW HIGH

Dairymen participating in the dairy herd improvement associations in 1948 received an average income of about $120.00 more per cow than dairymen who did not participate, reports F. W. Dorman, assistant farm advisor, University of California Agricultural Extension Service.

The thirty different associations, representing 1489 herds in 38 countries, showed an increase in average production for 1848 that meant $2,000,000 more in profits to the dairymen than they received in 1947.

Dorman also says that butterfat production per cow for all associations in the state has increased 49.2 pounds in 10 years. This is shown by summaries prepared by G. E. Gordon, Extension Specialist in Dairying

Production records now in use throughout the state have been developed over a period of years to provide lifetime records of dairy cows. This information is helpful in the selection of breeding stock to determine quality of production, not only for a few lactation periods, but over alifetime.

"SONG OF INDIA" JUNGLE EPIC

India, land of exotic splendor and jungle savagery, is the spectacular background in which Subu, Gail Russell and Turhan Bey are starred at the Grove Theatre in Columbia Pictures' "Song of India." The film describes the conflict of the two men, one a native Indian prince and the other a lion-clothed "Prince of the Jungle" for love of a rajah's daughter. Will be shown Friday and Saturday May 27 and 28.

Albert S. Rogell produced and directed "Song of India," from a screen play by Art Arthur and Kenneth Perkins. Appearing in major support of the stars are Anthony Caruso. Aminta Dyne and Fritz Leiber, topping the human members of the featured cast, and a savage collection of tigers, panthers, elephants, crocodiles and other jungle beasts.

BOGART BACKS BEGINNERS

Tough guys have hearts, too! Humphrey Bogart is responsible for this interesting physiological, or psychological, discovery. The star, remembering the manner in which Leslie Howard and Bette Davis aided him when he first came to Hollywood for"The Petrified Forest,," is currently giving young actors and actresses the same sort of opportunity.

In "Knock On Any Door" with stars Bogart at the Grove Theatre on Sunday and Monday, May 29, 30, the pivotal role is played by John Derek, a newcomer to the screen. The Columbia picture also features Allene Roberts and Susan Perry, two comparative unknowns, as well as George Macready. It is based upon Willard Motley's best-selling novel.
